INTRODUCTION

Electrical Solutions
Everything to BUNDLE, ROUTE and MANAGE your Wiring Assembly.

The answer to your cable management needs.

Complementing the complete IS-Rayfast product portfolio, a vast range of professional cable management accessories are available, from a select range of manufacturers. Products include Cable Ties and Clips, Lacing Tapes and Cords, plus Accessories and Tooling.

With access to a considerable portfolio of cable management products, a solution can be sourced and matched to your specific requirements.

Products are available in a wide range of materials, styles, sizes and colours (from Nylon to high performance Stainless Steel). Temperature capabilities range from -80ºC to +538ºC.

Comprehensive solutions include everything necessary to bundle, identify, route, protect and terminate wires/cables. Supporting the most demanding applications requirements customers trust IS-Rayfast for:

- **Comprehensive solutions**
- **World class quality and reliability**
- **Innovative products and tools**
- **Unmatched Technical support**

A large selection of ergonomic cable tie installation tools are available - all with consistent and reliable performance.

Cable Ties
A wide range of cable tie products are available from Nylon to Stainless Steel, used extensively across a broad range of industries and environments to secure and aesthetically enhance wire and cable systems.

Wiring Accessories
Used in conjunction with cable ties to speed and simplify the mounting of cable and tubing. Installation methods include self-adhesive backed, user applied adhesives, screws, rivets or through-panel designs.

Lacing Tapes and Cords
Lacing tapes and cords are commonly used to secure cable bundles, typically in the Aerospace industry. Available in a wide range of specifications, colours and sizes to meet the demands of this demanding market and specific customer requirements.
