

Hall Effect Proportional Output Devices

HP7 Hall Effect Pushbutton switch

HTL-4 Hall Effect 4 way Mini Trim toggle

HTW Hall Effect Output Thumbwheels

Features & Benefits

- Non-contacting technology
- Supply voltage 4.5 VDC to 24 VDC
- Supply current 8 mA to 10 mA
- 10 million cycle electrical life
- Programmable outputs up to a 5V linear voltage change
- Environmentally sealed to IP68. Dust tight to M8805 Design 2
- Choice of termination styles
- Front or behind panel mounting
- Variety of case styles
- Redundant circuit options available
- Silent operation

Product Series

HP7	Hall Effect Pushbutton switch
HPL	Hall Effect linear output Pushbutton
HTW	Hall Effect output Thumbwheel
HTWM	Miniature version Thumbwheel
HTWF	Friction actuation style
HTL-4	Hall Effect 4 way mini trim toggle
U2	Hall Effect linear output rocker
